

HYDRAULIC SYSTEMS & COMPONENTS FOR INDUSTRIAL APPLICATIONS

O HINE

INNOVATING IN HYDRAULIC SOLUTIONS

With 8 sale points, HINE is the most important manufacturer of hydraulic systems in Spain.

Global Footprint

About HINE

Founded in 1974, HINE is a leading supplier of hydraulic systems, hydraulic components, and cooling systems for industrial and renewable energy companies. The company's in-house engineering team, extensive R&D portfolio, and global manufacturing capabilities deliver competitive hydraulic solutions to customers worldwide. From production through post-sales support, HINE provides a comprehensive package of hydraulic products and services designed to give our customers a rapid response and outstanding service.

The widest range of hydraulic systems & components

HINE designs, develops, manufactures, and distributes hydraulic systems and components known for their superior value. Developed with decades of experience and state-of-the-art manufacturing techniques, our solutions deliver high quality at competitive price points.

As industrial applications for powerful hydraulic systems evolve, so do HINE products. Our high-quality, versatile hydraulic cylinders move large projects, shape new forms, lift heavier loads, dig deeper tunnels, and haul more materials. They meet the most demanding customer requirements with power, efficiency, high precision, and outstanding stability.

Valves

- Check Valves
- Digital Valves
- Directional valves
- Flow control valves
- Pressure Reducing Valves
- Proportional Valves
- Relief Valves

Pumps

- Gear Pumps
- Piston Pumps
- Vane Pumps
- Pump Accessories: bell housing, elastic couplings...

Hydraulic Motors

- Gear Motors
- Piston Motors
- Vane Motors

Hoses

- Hydraulic Hoses
- Industrial Hoses
- Thermoplastic Hoses
- Accessories (Hose Guards, O rings..)

Filtration & Lubrication

- Automatic Filters
- Ecopart Filters
- Industrial Filters

Hydraulic Power Units

Blocks

Cylinders

- Special & Standar Cylinders

Cooling Systems

Fittings

- Hose Fitting & Adapters
- Pipe Fittings & Adapters
- Flanges

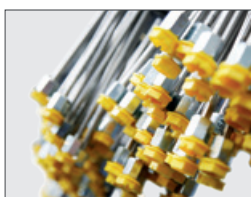

Quick Couplings

- Hydraulic Couplings
- Pneumatic Couplings
- Thermoplastic Couplings

Accumulators

- Bladder Accumulator
- Piston Accumulator
- Diaphragm accumulators

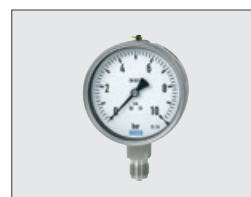

Pipes

- Pipe Accessories: tube clamps, industrial tubes...

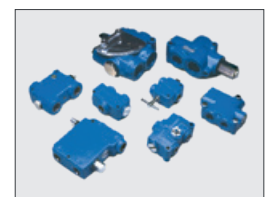

Tanks

- Aluminium Tanks
- Tailor made tanks

Measuring

- Calibration Technology
- Industrial Gauges
- Visual Level Indicator

Other Accessories

- Ball Valves
- Flow Dividers
- Fastening Systems

With Decades of Experience and State-of-the-Art Manufacturing Techniques, HINE Develops Hydraulic Solutions for Many Different Sectors:

LIFTING AND CONSTRUCTION

MINING PUBLIC WORKS

PAPERMILL

AERONAUTICS

MACHINE TOOL

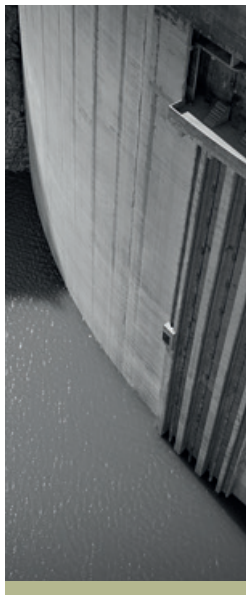

RAILWAY

IRON AND STEEL

CAPITAL EQUIPMENT

HYDROELECTRIC

MARINE

RENEWABLES

Strong Distribution, Powerful Partnerships

HINE solutions are developed using superior-quality products from prestigious companies. Our partners are world leaders in quality hydraulics components and services. Together, we can better meet our customers needs.

Aftermarket Service & Distribution

HINE’s strong service and aftermarket business division delivers a comprehensive range of hydraulic spare parts and services to help ensure continued high performance:

We keep the necessary spare parts in stock.

REPAIRS

At HINE, we offer repair programs for out-of-warranty components, including in-house repair services. We also diagnose and evaluate component condition through data acquisition by master technicians. We have the knowledge to ensure the best possible solution for handling repairs of your hydraulic systems and components:

- Hydraulic Systems
- Cylinders
- Power Units
- Centrals & Mini Centrals
- Pumps
- Bladder & Piston Accumulators
- Proportional Valves
- ...

SPARE PARTS AND CONSUMABLES

HINE offers hydraulic components and systems built to last a machine’s life time. We work out a solution tailored to our client’s needs and they receive the appropriate, cost-saving spare part at a demand-adjusted delivery time. We have an extensive stock of spare parts ready to support our customers’ requests:

- Hydraulic Cartridge and Sub Plate
- Valves
- Accumulators
- Filters & Filter Elements
- Hydraulic motors
- Pumps
- Fluid Connectors: Hoses, tubes, fittings, adapters.
- Components for Hydraulic Power Units: Measuring Components, Flanges, Ball Valves, Flow Dividers
- ...
